WHO

Fulton County Board of Education

WHERE

East Point, Georgia

SIZE

18,000+ Teachers and Employees

SOLUTION

OnBase by Hyland

OVERALL SALE

\$262,770

THE APPROACH

With the help of an introduction letter that was sent to the CFO six months earlier with a detailed explanation on how ECM could improve the school system, the district recognized BlueirisIQ as a major player in the industry and a trusted advisor. Because we could demonstrate the integration capability that they needed along with document management and workflow, they were confident we would be able to solve their business problems.

THE CHALLENGE

The Fulton County Board of Education, located in East Point, Georgia, governs one of the oldest and fourth-largest school districts in the state. It employs more than 10,500 full-time employees and more than 7,500 teachers and certificated personnel who work in 101 schools and administrative buildings. The school district, frustrated by its separate business and student information systems, was looking to acquire a solution that would integrate the systems.

THE SOLUTION

BlueirisIQ team ultimately won an RFP against Databank (scoring "excellent" to their "satisfactory" rating) with OnBase by Hyland.
